

VMAC Now Offering Lifetime Air-End Warranty on all Air Compressor and Multi-Power Systems

VMAC is bringing the best warranty in the business to its customers.

Nanaimo, BC., December 1, 2015 - Today, VMAC announced all new VMAC air compressor and multi-power systems now qualify for a lifetime warranty on the air end. This means that anyone buying a VMAC system can rest assured that at any time during ownership of their compressor, if there is a manufacturer defect, VMAC will either fix or replace it.

This gives VMAC customers unprecedented peace-of-mind in product performance and value for investment. The warranty applies to all VMAC UNDERHOOD engine driven air compressors, RAPTAIR standalone engine driven air compressors and multi-functions, and PREDATAIR above deck hydraulic driven air compressors. So regardless of the customer's need, VMAC has a lifetime warranty for them. It is the same compact powerful performance VMAC is known for, now guaranteed for life.

"I believe offering this lifetime warranty on our air ends is the right thing to do," said Jim Hogan, VMAC president. "We have world class engineering and manufacturing capabilities and have proven this for many years. It's time to stand by those capabilities and show our customers that we understand how important their investment is. In VMAC's 30-year history, its name has come to represent trust, service and value, and implementing this warranty embodies that spirit."

The warranty applies to all new VMAC air compressor and multi-power systems purchased on or after October 1, 2015. To learn more about the terms and conditions of the warranty, please visit www.vmacair.com/warranty.

About VMAC

VMAC engineers and manufactures compact, powerful compressed air solutions for clients in the mobile-mechanic, tire service, utilities, mining and gas, and construction industries. Beginning almost 30 years ago with a contract to design a jet engine for the Canadian military VMAC has grown into the world-wide leader in manufacturing UNDERHOOD air compressor systems. These award-winning systems use less space, are light-weight and powerful. VMAC is one of only a few companies in North America that completely manufactures its own rotary screw compressors, and also designs custom solutions for multi-national OEM clients. VMAC has won multiple awards including 75 Best Workplaces in Canada and the B.C. Exporter of the Year award.
