

VMAC Receives Canada's Best Managed Companies Award For Fifth Consecutive Year

Nanaimo, B.C. — VMAC is proud to announce that it has received the Canada's Best Managed Companies award for the fifth consecutive year, also maintaining its Gold Standard designation. The prestigious Canada's Best Managed Companies recognition is awarded annually to Canadian companies that demonstrate exceptional performance and business practices.

"We are honored to be recognized as a Best Managed Gold Standard winner once again," said Tod Gilbert, President of VMAC. "This award is a testament to the hard work and dedication of our entire team, and to our commitment to delivering sustainable, meaningful employment to our team and the best possible products and service to our partners and customers."

Canada's Best Managed Companies program awards excellence in private Canadian-owned companies with revenues of \$50 million or greater. To attain the designation, companies are evaluated on their leadership in the areas of strategy, culture and commitment, capabilities, innovation, governance, and financial performance.

"This year's Best Managed winners displayed courage, resourcefulness, and creativity as they explored new avenues for advancement," said Lorrie King, Partner, Deloitte Private and Co-Leader, Canada's Best Managed Companies program. "We're extremely proud to recognize the impressive achievements of companies such as VMAC in this particularly rapidly evolving business world. Their successes demonstrate the importance of strong leadership and forethought in driving long-term growth."

Gold standard

VMAC has provided high-quality compressed air solutions since 1986 and has built an international reputation for excellence in customer support, product development, and manufacturing. The company's innovative designs and commitment to compact, lightweight air systems have earned VMAC a loyal customer base and numerous industry awards.
